

## CLEANROOM ACCESSORIES

### STEP OVER BENCH

*“Wherever there are cleanrooms and laboratories you will find Mach-Aire products playing an important role in the research and manufacturing programmes of the worlds largest companies and institutions.*

**High quality step over benches for cleanrooms and containment facilities**

*Our capabilities, whether in technology, design, safety of operation, construction or service are also fully at your disposal”.*

#### APPLICATIONS

- Pharmaceutical clean rooms
- Containment facilities
- Stem cell clean rooms
- Medical device clean rooms
- Biotech facilities

#### FEATURES

- Separate sections for “clean” & “dirty” shoes
- Stable and robust design
- Easily removable to allow cleaning and equipment access
- Easy clean - resistant to aggressive cleaning agents
- Levelling feet adjustable for uneven floors

**Free-standing Mach-Aire Ltd STEP OVER bench, ideal for Clean Room Change Rooms. To differentiate “black” / “grey” / “white” areas. Allows personnel to change into clean room clothing and footwear safely, minimises cross contamination risk.**
